MONUMENTAL SCULPTORS AND STONE ARTISTS

the collection

about us

Eden Memorials are a local family owned and run firm of monumental sculptors based in the north east of England. With over 80 years collective experience in the memorial trade, our small team of dedicated staff take great pride in the reputation we have gained for producing memorials of the very highest quality at an affordable price.

Choosing a suitable memorial can be a very difficult task, we understand this and can offer as much information and advice to help you through the process. We guarantee you the peace of mind that you will be dealing with time served master craftsmen who will provide the skill, knowledge and personal care both you and your loved ones deserve.

the collection

Our brochure contains just a small collection from our extensive range. Any of the memorials shown can be altered to suit your requirements and can be produced in any size, shape or colour.

If nothing in the our brochure meets your requirements, our craftsmen can design individual, unique stones, or alternatively we can provide memorials seen in any other companies brochure.

We have a large selection of memorials in our showroom, displaying a wide range of the many different type and colours of granite and stone available. We also have a selection of catalogues and brochures to view showing new designs from our ever expanding range.

No obligation home visits can also be arranged if required by appointment, please contact us for further details.

emblem or a favourite hobby or place, we can work from photographs or simply an idea you may have to produce images which can make a memorial both personal and unique.

On this page are examples of some restoration work we have completed.

Outstanding results can be obtained by chemical or mechanical cleaning, restoring old and tired looking memorials back to their original state.

lettering

Whilst maintaining the traditional skills of the memorial trade, we are constantly looking to embrace modern techniques and machinery to ensure we can continue to produce memorials which will stand the test of time.

Choosing the right words can be a very difficult thing to do, our staff can help you with examples of inscriptions and layouts, giving guidance on the different styles and colour of lettering to best compliment your choice of memorial.

Once you have decided on your choice of inscription we can produce computerised scaled images of how this will look on the memorial.

All of our memorials are fitted above and beyond the recommendations outlined in the code of working practice for NAMM (National Association of Memorial Masons).

Fitting is without doubt the most important part of the process and each memorial is assessed individually with regards to various factors including ground settlement, weather conditions, etc.

We fit all our memorials on solid concrete foundations and pre-cast sub bases. 16mm stainless steel dowels fit the base and head piece together with a ground safety anchor securing all the parts and preventing a memorial from ever falling over. So confident are we in our fixing, we give a 30 year stability guarantee on our memorials.

We can also provide low cost 'all risks' insurance cover giving protection from vandalism, weather damage or subsidence.

All our craftsmen are qualified to NVQ level in memorial fixing and we are members of BRAMM, (British Register of Accredited Memorial Masons).
